

# Solitaire

## Automotive Group

### Service Advisor

A rare and exciting opportunity exists to join our Customer Service Team within the After Sales facility at Mile End.

We require an individual who is dedicated, flexible and committed to providing the highest level of customer service.

Experience within the automotive industry is desirable, though this role is suited to those within other customer service industries with an interest in automotive.

This position will require you to serve and exceed customer expectations, whilst liaising with the workshop and parts staff, requiring a high level of communication and administrative skills.

This is a demanding role, that offers great satisfaction and a career opportunity for the right person, with factory training and opportunities not always found elsewhere.

All applications are to be submitted to:
